

Global Alumni Association of Indian Institute of Engineering Science & Technology

GAABESU Scholarship Programme: 2023-24

It is the vision of the alumni of IEST to project it as a successful and a leading institution of learning and research. One of the main components towards fulfilling that goal would be to recruit the best minds as students. In order to attract the best candidates to IEST, the educational opportunity at IEST needs to be based purely upon merit and not on one's financial background.

These scholarships have been created by contributions from the alumni globally since 1998. The number of scholarships varies yearly depending on the funds available and the number of qualifying applicants. A Scholarship Sub Committee has been formed by GAABESU Executive Committee, where representatives from all participating Alumni Chapters in India and abroad co-ordinate with IEST faculty & administration. A scholarship management procedure has also been developed by GAABESU to bring about a documented, fair and a transparent selection process, which is published at GAABESU website:
